

## VOSS Exotech honored as best supplier

At the Tata Motors Ltd. supplier conference in Pune, VOSS Exotech was honored as best supplier for its efficiency. In addition, Tata Motors extended its contract with VOSS Exotech by three years.

Distinction and contract extension are the result of great performance and have been brilliant successes. First and foremost, this calls for a big thank you to our Indian colleagues, but also to the team from VOSS China and VOSS Germany.

The distinction is not only a recognition of our excellent work in the past; it also once again demonstrates what customers value in VOSS and how valuable VOSS's contribution is as a supplier.
